

I · PRIVATE WEALTH

Investing is the visible part.
Almost none of the outcome.

LIVE YOUR ONE BEST LIFE

PRIVATE WEALTH MANAGEMENT

Private Wealth Management

Investment management is what people see. What actually changes the outcome is everything around it — when Social Security is claimed, the order accounts are drawn down in, how a concentrated position is unwound, whether the beneficiary designations still agree with the will.

HOW WE WORK

PLANNING FIRST, PORTFOLIO SECOND

The allocation follows the goal, not the other way round.

TAX-AWARE, AND COORDINATED

Asset location, loss harvesting and Roth timing, worked through with your CPA.

PROTECTION THAT MATCHES THE PLAN

Insurance, beneficiary and long-term care review, and estate strategy alongside your attorney.

WHO THIS IS FOR

- Families who want one coordinated strategy rather than accounts scattered across firms
- Professionals and executives with equity compensation or a concentrated position
- People within ten years of retiring who need to know whether the money lasts
- Retirees needing income sequenced across taxable, tax-deferred and Roth accounts

A portfolio without a plan has no job description, so there is no way to tell whether it is doing it.

WHAT WE DO

WHAT'S INCLUDED

- Portfolio management, core and satellite
- Retirement income planning (RICP®) and claiming strategy
- Withdrawal sequencing and multi-year Roth analysis
- Equity compensation and concentrated stock
- Trust funding and estate document review

ADVICE FOR LIFE — THE SAME FOUR STEPS, WHICHEVER DOOR YOU CAME THROUGH

01

Discovery

Before we crunch numbers we talk about what matters most to you — family, community, pastimes. Together we figure out where you are now.

03

Solutions

We recommend specific strategies aligned to each goal, across every area of your financial life, and implement the plan.

02

Planning

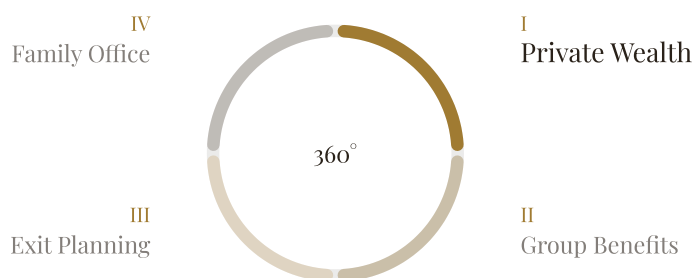

We assess where you stand against your goals and priorities, weigh the financial implications of each, and build the framework of a plan.

04

Monitoring

Life happens. Tracking keeps the plan on target, so we can anticipate change and adjust as circumstances do.

ONE OF FOUR — THE WHOLE CIRCLE IS AVAILABLE TO YOU

THE NEXT STEP

Let's look at the whole picture.

One conversation is usually enough to see whether the plan around your portfolio is doing its job — and where it isn't.
